## INDIANA VOTERS DEMAND NEW DEAL

COMPANION OF "TOY GUN" KILLER

HERBERT YOUNGBLOOD

A real "killer", who was picked by the notorious John Dillinger as a running mate in a jail break from a woman sheriff's Crown Point jail a week ago.

### ESCAPED CRIMINAL AND NERGO COMPANION REPORTED FLEEING TOWARD CITY OF ST. LOUIS

Police dragnets were spread quickly for hundreds of miles around in an effort to apprehend the nation's most notorious killer and his newly elected Negro companion.

Hoping that the racial identity of Youngblood may prove a nemesis, accurate descriptions of him were rebroadcast throughout the country by officials.

The young Negro, who aided Dillinger in his facial escape from the Crown Point jail is said to be five feet ten inches in height; weighs 153 pounds; is 29 years old; slender built and red-head of eyes. Police records describe him as every bit as cold-blooded as Dillinger, with a readiness to "shoot at the drop of a hat"—one of the toughest Negroes of Gary.

Youngblood was charged with the slaying of a prominent Italian fruit merchant of Gary, November 23, last year and found guilty.

#### Famous Physician To Direct Meeting

Dr. Allen is considered one of the foremost authorities of tuberculosis in the country. He will be entertained while in the city by the Asenapian Medical society society, Dr. R. B. McArthur, president.

#### Dr. DuBois, Famous Writer and Lecturer at Y.M.C.A. Sunday

Dr. W. E. B. DuBois, internationally known publicist and race leader, will be the speaker at the Monster meeting next Sunday, at 3:30 p. m. He will discuss the subject of "Segregation".

Dr. DuBois is one of the best prepared men of the Negro race from an educational standpoint. He has a Bachelor of Arts degree from Fisk university; Master of Arts and Doctor of Philosophy degrees conferred degrees from several of the leading universities throughout the country. He is the author of a number of worthwhile books chief among which are: "The Soul of Blackfolk"; "Dark Water"; "Quest of the Silver Fleece"; "The Negro in Philadelphia"; "Dark Princess".

He was one of the founders of the "Niagara Movement", which later developed in to the National Association for the Advancement of Colored People of which since its beginning, he has been editor of its official organ, "The Crisis".

W. E. Grubbs, principal of School Number Twenty-four, will introduce him.

Frank Fowler Brown will furnish a Musical program, accompanied by Harry Campbell. The meeting is open to the general public.

### COLORED VOTERS OF INDIANA, STRICKEN BY UN-EMPLOYMENT, TURN ATTENTION TO POLITICS

(By Staff Correspondent)

Abysmal rifts in the ranks of both major political parties in Indiana have served to disclose to the colored voters of the state an unprecedented opportunity to achieve for the first time, much desired racial political solidarity.

Still smarting under the handicap of age-old inability to do for himself or have others do for him, Mr. Colored Voter is seizing this opportunity to make himself as never before. Scores of juvenile and adult political organizations have cropped up throughout the state. Almost without exception their approach to political questions are predicted upon a new deal for Negro leadership and wider political recognition at the patronage trough.

#### New Spring Style

When the political game hunters, smeared with the war paint of insincere promises, and clutching the tomahawk of racial, political, and financial prestige, enter the colored districts this spring bent on a quick capture of the traditionally easy Negro voter, they're likely to find far too many "hides" too tough for the small doses of the old political bunk.

Clubs, committees, groups, social gatherings and even churches are reviewing, critically the past history of Indiana politics and its treatment of the Negro voters.

Much of the splanetic criticism heard is directed toward Indiana's two United senators. They are generally considered guilty of the charges of not having recognized Negro leaders and failing to make colored appointments where such were easily possible.

Indiana's twelve members of the lower house of Congress are in no

less an unfavorable position, in the opinion of the average Negro. Some congressional districts of the state carry such an insignificant number of colored voters that no one has been heard to criticize these congressmen on that score. Other districts in which the colored vote is important, however, have fared no better than the former.

#### Non Recognition

With the exception of Indianapolis, Negroes find themselves practically exiles from the lists of office holders, despite their party allegiance. In the larger centers where the colored vote is sizeable, such as Evansville, Terre Haute, South Bend, Ft. Wayne, Gary and East Chicago, Mayors, county clerks, county prosecutors and other county court house officials, have consistently ignored the group demand for wider recognition.

Observers going up and down the state assert that with Negro employment seriously curtailed and reduced because of the depression, with many unions still refusing to countenance Negro membership with its consequent opportunity to earn a livelihood as a union worker, with decent pay, sentiment among the job-starved recipients of forced charity are revealing mental attitudes that strongly suggest the wisdom of a new deal on the part of the politician and office holder. The politicians and office holders.

### BECKWITH FIRST TO SEEK MAJOR POLITICAL POST

Frank R. Beckwith, prominent local and State political figure, announced his candidacy for councilman from the third district, Thursday, subject to the Republican primaries, thereby becoming the first Negro to enter the race for a major office.

Mr. Beckwith pledges support to the proposal that city police and firemen should be placed on the civil service system and absolutely divorced from politics. The city administration should encourage a building campaign, he says, that would increase the taxable wealth of the community and at the same time reduce the per capita tax rate.

Expansion of home ownership and business will result, Mr. Beckwith believes, if overlapping and archaic, unnecessary units of government are eliminated to the relief of the overburdened tax-payers.

Beckwith was born here 1904, and at the age of 11 became a precinct canvasser. Since that time he has taken an active part in republican politics of the city, county and state. In 1928 he was field organizer and speaker for the Indiana Republican State Committee. He served four years as Director of Negro Welfare for the State of Indiana, is a former publisher of the Indianapolis Tribune, and is chairman of the Indiana Council of National Emergency Advisory Council.

He has been practicing law for three years, maintains offices at 152 1-2 E. Court street, is unmarried and lives at 2258 Hovey street.

#### Felicitate Business Man on Birthday

As a tribute to his leadership in business, fraternal and religious organizations, friends and relatives of Shephard Hardrick, 5309 Prospect street, are planning a fitting celebration March 14 in honor of his seventy-fifth birthday.

Mr. Hardrick started in the retail coal business twenty-eight years ago and later changed to the trucking business, with present headquarters located at 328 West North street. He is a trustee of Allen Chapel A. M. E. church, and a member of the U. B. of F.

He is the father of three children, Rev. Shephard Hardrick, Jr., Mrs. Georgia Stewart, and John W. Hardrick, widely known artist.

#### Freed of Charge of Killing His Brother

Herbert Johnson, 44, 1662 Martindale avenue, today stands absolved of all blame in connection with the slaying of his brother, John Johnson, 46, 1621 Martindale avenue, November 22, last year.

The case against Herbert was nolle prossed in Criminal court last week when deputy prosecutors told Judge Parker that the State was unable to gather sufficient evidence to build a case. This resulted that said, from their inability to discover a single witness to the killing.

The two brothers were said to have entered a quarrel over water bills for property owned by them jointly.

At a heated point in the argument according to testimony at the time of the affair, Herbert drew a knife and inflicted several wounds on his brother. He died later in the City hospital.

#### Housing Plan Still Alive

Life the proverbial cat with nine lives, the Indianapolis plan for slum clearance and low cost housing project bobbed up in the city this mid-week apparently all together and none the worse because of a false report from Washington, D. C., earlier that that plan had been killed.

According to Joe Rand Beckett, local leader and hard working promoter of the project, there was no truth in the reports circulated by the daily press that Secretary of Interior Harold L. Ickes had declared the project definite off.

"The only announcement I have received," said Mr. Beckett, with a smile that completely ignored the apparent obstructionist tactics of diehard opponents of the plan, "is that there will be some changes in the plan of construction to conform with governmental requirements."

Work on the project is awaiting only further adjustment of a few details, he said, and is expected to get under way soon.

### JUST ANOTHER MURDER OF JUST ANOTHER NEGRO SENDS YEAR'S TOTAL TO SIX

"Just another murder" has been added to the city's crime record for 1934. Just another Negro has been sent to his death by another Negro.

The sixth victim for the year is Howard Graves, 34, 1139 East Fifteenth street, shot and fatally wounded early Sunday at his home by Earl Kay, of the same address, during an argument.

Graves, with bullet wounds in the left lung and abdomen, was found by police sitting helplessly on the front porch of his home. Weakened by the loss of blood, he was picked up and rushed to the City hospital, where he died several hours later.

Kay, admitting to officers that he had shot Graves, was arrested and held on a charge of murder. Lucy

### WILL T. BROWN ENTERS RACE FOR SHERIFF

Will T. Brown, for many years a worker in democratic politics of the city has succumbed to the overwhelming demand of his many friends and announced his candidacy for the democratic nomination for county sheriff.

Mr. Brown was born in the 900 Block on North California street in 1885 and resided there for more than twenty-five years.

He was educated in the grade and high schools of this city. As an active worker in the 5 and 6 wards for thirty years, Mr. Brown was appointed 6th ward chairman in 1912 by Reginald H. Sullivan, at that time county chairman, now mayor of Indianapolis.

Mr. Brown has had twelve years' experience in the insurance business and is now an employee of the Excise department of the State. He is a member of Elks lodge No. 13, the Indiana Democratic club, unmarried and lives with his mother at 5010 North Capital avenue.

Mr. Brown, in his capacity as chairman of the colored wards, has endeared himself to the colored folk as a square, "straight shooter." In commenting upon his candidacy he said: "I gave this matter careful thought before making my decision, and have reached the conclusion that I can and will if nominated and elected discharge the duties of the sheriff's office to the satisfaction of a majority of citizens and with credit to myself."

#### Says Newspapers Are Leading Fight For Social Justice

COLUMBIA, S. C., March 6.—(AP)—"The newspapers and magazines are leading in the fight for social justice rather than the church", Bishop Noah W. Williams told the presiding elders meeting of the A. M. E. Church here Saturday.

The presiding elders and the trustees of Allen university, both of whom were in session here, heard a trenchant address from the frank and able young prelate.

"We have to look to the newspapers and magazines, rather than to the dominant pulpit, for a frank, fearless pronouncement against social injustice, intolerance and economic injustices. There are a few but very few exceptions to this rule."

STILL DISHING AND DASHING

MISS "BABY" GOINS

Everything that touches this burning ray of sunshine picks up speed in the contact. When doing her skit on a sizzling stage, Baby dishes it out red hot. Off stage the inimitable Babe is as apt as not to be seen dashing down a boulevard—?—per hour.

She's been at it now for some time . . . Great life if you don't weaken.

### CITY VOTERS, IN DEFIANT MOOD, PRESS TOWARD MUCH GREATER POLITICAL REPRESENTATION

Revelations of the loss of ward control by virtue of the recent redvisions of wards and precincts as disclosed in The Recorder last week have produced a variety of reactions that are calculated to have a greater influence in local politics than at any time in the history of Negro enfranchisement.

Important among these reactions is a newly cemented determination of the colored electorate to "pull closer together", to offset the disadvantage of loss of the opportunity to name one or two of the city's ward chairmen. Evidence of this was seen in the budding of plans of politicians, office holders, and numerous political clubs to effect the election of precinct committeemen in all colored precincts, and the election of as many delegates as possible to both state conventions.

#### Negroes Urged To Run

Impetus was given by the report to the growing demand that qualified, capable Negroes offer themselves as candidates for major offices in the approaching elections. Investigations show that interest of the majority of colored voters centers on three offices which they believe members of their race should hold, whether democrat or republican.

These offices are: judge of one of the superior courts, of which there are five in Marion county; member of the city council (composed of nine elected representatives), and member of the Board of School commissioners.

These by no means represent the sum total of the group's political aspirations in the county and city. Greater representation in the appointive offices is to be added to the battle cry of the job-starved colored voters. Among the latter class frequently mentioned are: one representative on the city park board, the board of public safety, board of works and the health department.

Final touches of sartorial perfection are deftly rounding out the program for the Pastors' Personal Appearance Revue to be staged at Phillips Memorial Temple Thursday March 1 at 8:15 p. m.

Success of the affair is being attributed to the efforts and ingenuity of Rev. J. B. Carter, highly esteemed pastor of the Twenty-fifth street Baptist church and sponsor of the revue.

Rev. Carter has brought signal honor not only to himself and congregation but to the city as a whole for the highly efficient and masterly way in which he administered the affairs of his church. From a small insignificant church and congregation a few years back, the genius of Rev. Carter has resulted in a large modern, enthusiastic congregation of commanding community influence.

Numerous city pastors will take part in the elaborate performance, described as unique in the city's history. The price of admission is fifteen cents.

# J. T. V. HILL UPSETS 2ND CHRISTIAN TO RETAIN TITLE

## HILL NETMEN UPSETS SECOND CHRISTIAN IN FINALS OF CITY TOURNAMENT IN BRILLIANT GAME

Four Local Teams Compete With Best in State For 1934 State Championship; Gary, Ft. Wayne Go to Finals March 9 to 10th at Y. M. C. A.

(BULLETIN)  
Brilliant playing marks the opening rounds of the Fifth Annual State Tournament now in progress at the Y.M.C.A. Finals will be played Saturday night at 8:00 p. m. Second Christian Favored To Repeat. Ft. Wayne and Evansville may upset Dopey.

J.T.V. Hill successfully defended its city title by upsetting the powerful Second Christian, State Championship team in the finals of the city independent tournament 24-20 in a brilliant game; never once were the two teams separated by a wide margin of points, though Second Christian led at the half 10-9.

Coach Beard Whitesides had a defense for the highly touted array of stars in the lineup of the state champs that kept them on the alert most of the time; never once were they given a chance to get set for a play.

Sam Waters and Leo Floyd dropped in enough field goals to keep the "Eastsiders" in the running while Payne and Johnson paced the "Christians" until the final minutes when Randolph went in the game. In time to sink an easy basket to clinch the victory, then Len Floyd dropped in another to boost the total to 24. In the waning minutes Johnson brought the score for the state champs to 20 and the game was over.

This was one of the most tense and hardest battles witnessed in the finals of the annual city tourney in a long time, a divided house was kept in an uproar every minute of the time the players were in action.

### Local Teams in State Meet

The four teams who reached the semi-finals will represent Indianapolis in the state tournament are: J. T. V. Hill, Second Christian, R. A. W's and Metcalf Sport Club. Second Christian will defend its state title and from reports plans to bolster the team with several recruits of wide repute.

The out-of-town teams who will most likely make a serious bid are: Muncie, A. C. Muncie Trojans, Ft. Wayne, Gary, Evansville, and Bloomington. Then who knows but that a late out-of-town entry might get in time to upset Dopey.

Play will begin in the state tourney Friday morning and the finals will be played Saturday night between the surviving teams at 8:00 p. m.

### Omegas and Kappas Plan Net Game

The game of games will be staged between the Kappa Alpha Psi and Omega Psi Phi fraternities April 6th at Crispus Attucks high school when Capt. Pittsburgh Lyons turn his charges of the "Cream and Crimson" against "Dog" Clark's "Purple and Gold" athletes.

Both teams have won a game and stand "even Steven" in the series. The Omegas having won the first game and the Kappas the second.

The tenacity of the annual game will no doubt arise by the end of the month after other teams have folded up for the season, then it will be a battle of words until both teams fight it out on the court.

The feature part of affair is the number of greatest stars in this vicinity who usually take part in the interfrat duel; the first year it was the Lucas Clark's and Ashie's, last year it was the Lyons, Mann's and Jenkins; now they wonder who it will be this year.

Over five hundred witnessed the contest which is usually held during Spring Vacation, and there's a possibility of twice that number since a number of students from Wilberforce and Terre Haute plan to make the trip. A dance will follow the game. The committee also announces that tickets will go on sale at the Walker Drug Store, Y. W. C. A., The Indianapolis Recorder, 21st & Boulevard Pl., Bruce Pharmacy, and 25th & Northwest. ern.

### CHOCOLATE IN COMEBACK ROLE

"Era yo una muchacho muy malo" Gutierrez in other words "Kid" Chocolate as much as confessed to his manager that he had been a bad boy and had learned his lesson. One of the main reasons why he gave up his New York title was because he was in no condition to defend it successfully, and his recent defeats were because of the negligent way in which he went about his daily training. Now the "Cuban Bonbon"

is seriously going about his daily dozen and plans a big comeback in the lightweight class since he has learned his lesson.

One thing certain in Chocolate's favor was the fact that he realized his fate in time before the crash came; sport writers state that he is in good physical condition and a little more diligence and serious training will bring him back to his championship form and the chances are that he will be better than ever.

At least his public hopes so, many of our best fighters would have been better had they realized their slipping in time to avert humiliating defeats when they were in no condition to protect themselves. The eyes of the sport world are on Chocolate, they wonder will he comeback or is he gone forever from "Fistiana!"

Come on fans, would you like to see this All City team in action for a charitable game, say for the Community Hospital Ass'n. It will be a red hot game and the winner will have to do some fast stepping to out do the opponent. Maybe this thing can be worked out and the game staged.

Our attention was called to the State Tourney because several teams threaten to run away with the title this time, Ft. Wayne with her original team of college stars, Gary, and Evansville along with Muncie will make strong and determined bids for the title that Second Christian won last year. The Christians plan to use Dejemett to protect their interest in the crown, better see for yourself, I can't say who will win now—it looks like scrambled eggs to me.

### WELCOME DILLINGER

Listen everybody in this office, if any fat men come in here looking for me, I'm out; somebody advertise for Dillinger to sit at my desk for a while 'till the storm blows over. Well someone called in and wanted to know when this team would play, find me a promoter with a few million, and I believe the boys could be induced to don the thinlies and give a good game.

### NO SEGREGATION THEY SAY

A Very well known young man told me that he protested to the manager when a guard attempted to segregate him at the Army during the wrestling match, last Tuesday night, and the manager told him that he might SIT ANYWHERE HE WISHED, and the guard stated that he was trying to PROTECT the colored man—well the man in question sat where he wished, and was not harmed—still we would like to see a public statement in this respect in order that no one will be ignorant of an existing fact. Does our present State Administration sanction segregation in such institutions as are supported by public funds?

### RELAYS MARKS MAY FALL

No telling what might happen when Metcalfe, Ward, Mullins, Swisher, and the rest of the athletes get going on the oval in the Butler Fieldhouse March 24th records are doomed—that's all.

Officials are preparing to handle twice the size of the crowd witnessed the first affair. Then new faces are expected to appear to replace Jimmie Johnson and John Brooks two men who graduated from their respective colleges last June. Both are yet active, but competing for the Old Timers Club in Chicago.

### International Pro. Tennis Stars Here Sunday and Monday for Big Series

Local tennis fans will get an opportunity to see the great French ace Henri Cochet in action next Sunday and Monday, March 11th and 12th in their international professional debut at the Manufacturers Bldg., in the Indiana State Fair Grounds, the matches beginning promptly at 8:00 p. m.

The matches will pit Bill Tilden against Cochet, Vines against Ples, and both Tilden and Vines in doubles against the same two French stars under the auspices of the Associated Tennis Clubs of Indianapolis.

So many persons who have heard of the internationally famous Cochet, but had never seen him in action will get this opportunity

### Stars Uncovered As Teams Win and Lose

In following the flight of the two teams who reached the finals of the city tournament, and spotting the various players who were the bullworks of their respective teams we see Bill Bradley leading the Brightwood A.C. when they dropped the Neptune A. C. 38-11 and lost to Hill 23-12; the RAW's Big Five ran away with Allen Chapel 45-24 despite thegoal shooting of Davidson and Harding; Sims, Smith, White figured in the other games with the RAW's while they disposed of the 13th St. Pets 29-19 to reach the semi-finals. Davenport led the Pets while King and Knox led the RAW's. O. Martin Coal Co. had things their own way when though they were threatened in the they dropped the Jones Tabernacle closing minutes. The score was 28-21. Freeman and Brown starred for the "Cubmen" while Arnold was high for the "Tabernaclemen." It took the Second Christian team to stop the "Cubmen" by a handy score of 36-20. Freeman and Brown starred for the winners. Then the state champs downed the plucky RAW's Big Five 45-22 in a fast battle, though Knox was on Clark, Payne and Johnson, Johnson and Clay got away with the victory. The luminaries in the Hill lineup were Waters, Len and Leo Floyd, and Blasengame when they stopped the Metcalf Sport Club 30-19 in the semi-finals. Talbot, Fish, and Mosby were best for the "Sportsmen."

## LINCOLN HIGH COACH URGES ALL TO SUPPORT NATIONAL PREP NET MEET IN GARY MARCH 29-30-31

(By TOM CHEEKS, Lincoln Hi Coach)

EVANSVILLE, Ind., March 8.—In a short space of a few weeks, Roosevelt High School, Gary, Indiana, will open its doors to all teams who wish to enter the National High School Tournament.

For years Hampton, Va., has played host to the colored prep schools of old U.S.A. This year due to the fact that "old man depression" has left his footprints around Hampton, they decided not to encourage their Annual Tournament.

Coach John D. Smith, of Gary conceived of the idea of bringing the tournament to Gary—the home of the National Champions after discussing it with his friends and the officials of the schools, plans were immediately made to secure the tournament. As a result Gary is alive with "tournament chatter". In answer to Gary's invitations many schools have answered and to date outstanding schools have sent in formal invitations, Dallas, Texas, Washington, D. C., Louisville, Kentucky, Carbondale, Illinois, and a host of others.

Indiana Should Be Proud  
Indiana, the home of basketball, should feel proud of having the tournament in its boundaries. The state that plays basketball the year round.

The followers of colored prep basketball in the state will no doubt give it loyal support, but in the main all of our race should support such an enterprise. The National Tournament that was held by the white schools has been discontinued and this tournament being held by Gary shows that progress is being made by our race.

The tournament will draw many visitors, coming at a time when most schools are having their Easter vacations many teachers, students and citizens from various cities will spend their Easter vacation in Gary.

Roosevelt High Favorite  
There's some doubt in the writer's mind as to the winner of the National Tournament, Although Coach Smith Panther's are undefeated, there is a possibility of their "folding up" and playing "under wraps". I have often seen championship teams get under the "Mental jinx", which means over confidence.

Just any team might have an "off night" and the other team a "on night". In such a case all the Byrds—Harts—Chaney's would not help Gary. All in all it's a toss up on any Indiana basketball game. To the sport lovers of our race, I say "Let's get together with the Good people of Gary and put over this enterprise, which is after all for us all."

## Both Negroes and Whites Suffers Through Cruel Policy of Barring Negroes From Hospitals, Prominent White Writer Says

### Segregation Policy Is Holdover From Slavery Days

(By Lewis E. Frazier)

LEWIS E. FRAZIER

Just eighty years ago, three American ministers to foreign countries met at Ostend and signed a manifesto urging the United States to make war on Spain. If Spain refused to sell Cuba for slavery purposes, and to take Cuba by force for the sake of slavery. World sentiment, and especially the conscience of America, makes such a paper utterly impossible today. The legal fetters of bondage have long since been broken. The inhuman traffic has been ended. Twelve millions of people have proved the justice of their enfranchisement by their phenomenal progress in every expression of citizenship. When we view history at long range, we must be encouraged by the advancement achieved. Nor, should we be disheartened if the shorter lapse of a decade marks an apparent standstill, or temporary defeat. Eternal principles which press the progress of a century, bedrock human society with permanent vitality and dynamic virtue. Progress Cannot Be Halted.

#### The Irrepressibility of Progress

Those innate powers of a people, which have achieved progress for one generation, pledged the forward pressing of the race until justice, peace and fellowship are the common heritage of every life. Human Progress Cannot Be Stayed. Generations with their prejudices, hatreds and discriminations, come and go, but the eternal principles of human equality, justice and rectitude abide, with permanent certainty and effect. Men live and die, but self-consciousness of the sacred value and meaning of life are enduring, vigorous and irrefragable. Man's equality and inalienable rights were stated in the Declaration of Independence because they are eternally basic to human society. It was their own inherent force, which compelled him to accept, and predetermine their final ascendancy.

#### The Brotherhood of Man Is Fundamental to Human Order, Life and Happiness.

The principle of the human brotherhood was an eternal truth before it became a Christian incentive. Its verity compelled its promulgation by Christianity. Its moral force constantly bears on human conscience and relations. If man society is bedrocked and conditioned by the abiding principles of truth and right; eternally absolute and dynamic.

#### Mental Slavery Still Extistent

Emancipation came, but full freedom and fellowship was not realized. The legal force of bondage was ended, but the etiquette and thought habits of slavery remained. Both the white and the colored man, trained by the psychology of slavery, carried over into the days of freedom the sentiments, mental complexes, aversions and social customs of slavery days. Both the white and the colored man remained in social and mental bondage to the institution of slavery.

#### Emancipation Was a Legal Value; Full Freedom and Fellowship Are Spiritual Values.

The law may define liberty and equality but only spiritual values can impart essence, meaning or force in human relations. Segregation is a Hold-Over Policy of Slavery. It is Repudiation of Freedom and Fellowship. It is a Denial of Man's Equality and a Violation of His Inalienable Rights. It Fetters His Home, His Contacts, His Opportunity, His Innate Powers, His Life. Segregation Is Bondage.

#### Conference at YWCA

Dr. James H. Peeling, associate professor of social science at Butler University, will be the principal speaker at the opening meeting of the Neighborhood Y. W. C. Miss Irene Harris, industrial secretary at the branch, will follow Dr. Peeling with a discussion of the economic situation as it affects Negro women and girls. The regular session will be followed by a reception.

#### EDITOR'S NOTE:

We present our readers an article written at our request by Mr. Lewis Frazier, who said to us, "My whole soul rises in protest against the inadequate hospitalization accorded your group but I never would have known these facts if kind, colored friends had not advised and encouraged me to study the situation." Mr. Frazier has written numerous tracts and articles to the white press and he is not hiding his light under a bushel by making this contribution to The Recorder, by request. It is his wish and our desire that you pass this article on to some white person.

## Now! A Quicker Way to Ease Pain

MARIE, TELEPHONE TO JACK MARSTON THAT I CAN'T GO TO THE BEAUX ARTS BALL TONIGHT—I HAVE A MOST TERRIBLE HEADACHE

OH, MISS SHIRLEY—WHAT A SHAME! TRY A BAYER ASPIRIN FIRST—THEY WORK SO FAST—ILL GET SOME NOW.

MR. MARSTON IS WAITING—YOU FEEL ALL RIGHT, MISS SHIRLEY?

PERFECTLY WONDERFUL! THAT MARVELOUS BAYER ASPIRIN ACTUALLY STOPPED MY HEADACHE IN A FEW MINUTES!

#### Don't Forget Real BAYER Aspirin Starts "Taking Hold" in Few Minutes

Here is quicker relief from pain—the fastest relief, it is said, ever known. This is due to a scientific discovery by which BAYER Aspirin starts "taking hold" of pain a few minutes after taking.

The illustration of the glass here tells the story. A Bayer tablet starts to disintegrate or dissolve—go to work—almost instantly. This means quick relief from pain—fewer lost hours from headache, neuritis, rheumatism. And safe relief. For genuine Bayer Aspirin does not harm the heart.

When you buy, see that you get the genuine Bayer Aspirin. The best way is never to ask for aspirin by the name "aspirin" alone. But if you want Bayer Aspirin's quick relief always to say "BAYER Aspirin."

**WHY BAYER ASPIRIN WORKS SO FAST**

Drop a Bayer Tablet in a glass of water. Note that BEFORE it touches bottom, it has started to disintegrate. What it does in this glass it does in your stomach. Hence its fast action.

## FELLOW CITIZENS, WAKE UP

Attention, fellow Citizens, race  
men and women voters in the Coun-  
ty of Marion and in the City of  
Indianapolis!

Do you know that the group's  
hard earned legitimate political  
prestige in the City of Indianapolis  
and Marion County is being seri-  
ously undermined?

Do you know, dear race man and  
woman that because of our inex-  
cusable negligence, our damnable  
indifference to questions demanding  
our attention as citizens that a  
plan, irreparably destructive to our  
political well being has been actual-  
ly formulated by conniving politi-  
cians?

It is a deliberate and sinister  
thrust at the political status of our  
people in Indianapolis.

And if the scheme is allowed to  
materialize it will rob us irrevoca-  
bly of the balance of power so long  
and progressively held by our peo-  
ple in Indianapolis; render us harm-  
lessly impotent in matters of local  
politics now and forever more.

The situation is alarming; it  
must be dealt with intelligently co-  
operatively by you, NOW, fellow  
citizens for the common good of  
the group in Indianapolis.

You are expected to take timely  
and united action against any such  
unwarranted encroachment upon  
our local political rights.

This editorial is intended as a  
protest against what is known as  
the precinct-redvision plan.

A plan, which if effected and al-  
lowed to stand will make for a com-  
plete elimination of the Negro as a  
major participant in the political  
affairs of Indianapolis and Marion  
County.

Any plan that embodies the  
slightest degree of hindrance to  
the people's legitimate aspirations,  
is not only objectionable but un-  
constitutional.

The City Council's "Redvision"  
scheme is plainly a hindrance to  
our people's political progress.

It is clearly to be seen that if  
the plan becomes law Negroes will  
never again be in a position to elect  
a single delegate to state or county  
conventions.

That, of course, would be tanta-  
mount to near outright disfranchise-  
ment; a set back in our fight for  
greater representation we should  
never tolerate.

Now, fellow citizens, add to all  
this the element of a possible lat-  
ent aim in the City Council's ward-  
precinct-redvision plan.

That aim, assertedly is to make  
impossible for the colored votes of  
Indianapolis to organize.

However, there is a viciousness  
behind this redvision movement  
that smacks of rotten treachery  
to the political welfare of the group  
in Indianapolis and Marion coun-  
ty.

It is time to wake fellow citizens;  
To Action!

## COLORED HOSPITALIZATION

Better hospitalization for mem-  
bers of our group in Indianapolis  
has for many years been, and still  
is, an imperative necessity.

Colored citizens of this city have  
always been, and still are being,  
denied their rightful share of medi-  
cal services paid for by the tax  
payers of Indianapolis.

And it is on record that our phy-  
sicians, our dentists, our nurses,  
no matter how prepared and effi-  
cient, have been, and still are being  
barred from officiating as such in  
publicly owned hospitals in the city  
of Indianapolis.

This newspaper, over a period  
of many years, has waged a con-  
sistent fight against this type of  
segregation in our local public in-  
stitutions.

Because we owe it to the people  
as a duty, The Indianapolis Recorder  
will continue to fight unremitt-  
ingly to fight for the right.

Colored citizens of Indianapolis  
are entitled to and must receive a  
vaster measure of recognition in  
this city's system of hospitalization.

They want, and there is no reason  
why they should not be given their  
proportionate share of repre-  
sentation on the City hospital medi-  
cal staff.

This newspaper is on record as  
having fought with all its might  
for just such policy for the City  
hospital.

Failure of City authorities to  
respond favorably to obtain repeat-  
ed demands for a square deal for  
members of the group not attribut-  
able to any lack of vigilance on the  
part of this newspaper.

Suffices to say that we will con-  
tinue to further the just claim of  
our people for medical representa-  
tion at the City hospital.

In the meantime, let us not forget  
that we are the bounded duty to  
supply ourselves with some of the  
institutions without which no civil-  
ized race can survive.

Among these are necessary hospi-  
tals of our own, managed and  
operated exclusively by members of  
the group.

The hospitalization project recent-  
ly started by colored physicians in  
Indianapolis is a logical step in that  
direction.

And very heartening indeed is  
the circumstance that the move-

ment is receiving full co-operation  
from medical and allied profession  
alike.

It is as it should be.  
It is to be hoped that this ex-  
cellent manifestation of a desire  
to inaugurate in Indianapolis a  
needed system of efficient hospitali-  
zation will be productive of a great  
accomplishment.

## OFFICIAL HYPOCRISITS

As for three years of mock trials  
and questionable behavior on the  
part of official hypocrites was not  
enough, the famous Scottsboro  
cases are scheduled for other innings  
before the Alabama supreme court.

The country, and the world for  
that matter, will again witness an-  
other attempt by disciples of coward-  
ice and mob rule to stage a  
wholesale slaughter of innocent Negro  
youths on the altar of Southern  
prejudice and treachery.

Civilization is amazed at this  
stubborn effort on the part of ig-  
noramous down in Alabama to  
commit cold blooded murders in the  
guise of law enforcers.

And decent Americans, by sitting  
supinely by and lifting not a finger  
against this system of snuffing out  
the lives of members of a non-repre-  
sented minority group, are morally  
aiding and abetting such cowardly  
miscarriage of justice.

The Scottsboro trials, have all  
been, from the very beginning, verita-  
ble embodiments of the rankest  
hypocrisy, insincerity, and criminal  
juridical incompetence.

From the very start it has been  
unmistakably evident that fair play  
for the nine convicted Scottsboro  
youths was impossible to obtain in  
Alabama.

We do not know what will be  
the final outcome of the Scottsboro  
cases; but we are quite certain that  
justice for the boys involved will  
be unobtainable in Alabama just  
so long as their sins are black.

The world has long been con-  
vinced of the innocence of the nine  
defendants.

And it is equally reasonable to  
suggest that even their persecut-  
ors feel that the boys are not guilty  
of the crimes charged against them.

But the spirit of race hatred and  
political hubbub coupled with the  
savage intents or mob rule in those  
parts is responsible for the demand  
which is being sent up for the  
blood of these unfortunate mem-  
bers of the race.

The new trials scheduled for the  
Scottsboro cases are not likely to  
be productive of any better results  
for the defendants than have al-  
ready been effected in the Alabama  
courts.

A very unfortunate circumstance.

In the meantime the eyes of so-  
ciety, and those of a civilized world  
are riveted upon Alabama and the  
cases that have brought justified ill-  
fame to the nation through the nar-  
rowness of the juridical system of  
a member state.

And the world would rejoice at  
the release of the Scottsboro boys,  
if it is convinced that the  
youths are being persecuted unlaw-  
fully in Alabama.

## SPRING APPROACHES

Spring, with its promise of bet-  
ter times, approaches.

Indications are that by May, the  
wheels of the nation's industries  
will begin to turn again.

Recognized economists, financiers  
and captains of big business are  
looking forward to a lessening of  
the unemployment problem in the  
next few months.

There will gradually be less need  
for the government's work-creating  
programs they think, and happily  
so.

With the resumption of business,  
the opening up of factories and  
other job giving agencies America  
will have righted herself once more  
and, let us hope, naturally started  
on the road to substantial economic  
recovery.

In anticipation of the predicted  
economic improvements it wouldn't  
be incorrect to surmise that thou-  
sands of house wives are making  
ready for their usual Easter shop-  
ping.

Community stores and other busi-  
ness concerns alert to this annual  
custom are expected now to give  
out news of their Easter stocks.

Fortunately for community stores  
doing business in colored neighbor-  
hoods, buyers are becoming more  
and accustomed to the habit of  
purchasing more of goods that are  
advertised.

This is because of a growing  
popularity and confidence in the  
art of advertising.

In other words, the buying pub-  
lic now looks for what it wants  
in advertising columns of reliable  
community newspapers.

We know it to be a fact that  
thousands of patrons of this news-  
paper regard it as a civic duty to  
patronize our advertisers.

Management of stores doing busi-  
ness in colored communities, are  
urged to form the habit of adver-  
tising more regularly in these col-  
umns.

There is nothing to be said in  
defense of not doing so.  
Our present regular advertisers  
will attest to the fact that it is a  
good paying investment.  
ing investment.

## CRUSING 'ROUND'

BL LEE JAY MARTIN

Ideals and opinions ex-  
pressed in this column are  
those of the writer, and are  
presented without regard to  
their agreement or disagree-  
ment with the editorial policy  
of The Indianapolis Re-  
corder—The Editor.

CANDIDATES for the many po-  
litical offices are getting as thick  
as weeds in June, all hoping to  
escape the weeding out process in  
May. The voters will have plenty  
of work picking out the "worthy"  
ones from among so many "worthy"  
promises. If these candidates could  
get into office as easy as Dillinger  
gets out of jail, their worthy would  
be over. One thing sure, whoever  
gets out of jail, there would be  
that holding an office is no longer  
a vacation with pay. The voters  
have been educated to action, defi-  
nite action, and they will not now  
tolerate any "smoke screen" shad-  
owing.

AFTER THE City council elimi-  
nates colts, we find it out to  
our sorrow, perhaps that we have  
been eliminated from the elective  
councils of the major parties. It  
is hard however, to make a wrong  
intention work right. I see no great  
loss in losing control of something  
that we did not really control, but  
it is a shame that in this ever  
changing world, producing broader,  
fairer and a more human class of  
men, that there are yet among us  
narrow minded men, with small  
hearts, who seek by keep or hold down  
little "trick" people, for no good  
reason whatsoever; yet there are  
instances where men seemingly do  
a wrong, when in reality they do  
a good deed and by so doing are  
placed in a position which makes  
it difficult or even dangerous for  
them to explain why they did so.

Be it as it may, I'm more concerned  
about our "lightening bug" tenden-  
cy, seeing things that have passed.  
I UNDERSTAND that the group  
coming out for some office or other,  
can beat the world, "coming out",  
but it's a mighty "dean" hard  
thing for any of us to "go in".

PREACHERS, BISHOPS and oth-  
er supposedly men of Christ have  
enough faults without false faults  
be heaped upon them, and we hope  
that the charge against Bishop Ran-  
som is false and proven so. Al-  
though our confidence in our "good"  
men have been shaken at times, we  
can beat the world, "coming out",  
but it's a mighty "dean" hard  
thing for any of us to "go in".

M.E.L.—I don't understand why my boy friend quit me. Will he come back soon?

Ans.: He won't, but you will meet one you like much better.

M.R.K.—Please tell me how my watch mysteriously disappeared.

Ans.: You have lost two watches now—both belonging to someone else. They were stolen. If you wish to avoid further trouble, I advise you to get a watch of your own, and not wear your sister's. Borrowing is a bad habit anyway.

R.Y.—Who will I marry, how soon and will it be a success?

Ans.: This is a year in which you should be very careful as there are various influences in the background. I see you receiving help from a young man named Eddy.

A.T.—Shall I have an operation?

Ans.: I would go about this matter very slowly—since your troubles started through a surplus of nervous energy. If you do decide to have it—build yourself up with plenty of rest first. June, July, November and December are the best months for you.

The first half of this year is not a good time for romance—if you are tempted, wait until after July.

A.B.—Please tell me what is wrong around my house. What to do to regain my health.

Ans.: Your troubles are largely caused by a faulty digestive system. Expect results too soon—because this has been a long time developing. You have a hard year before you. Be as cheerful about it as possible, and it can be made to pay rewards later on. Your man friend will come around again—he just got tired of hearing so much complaining. Smile!

S.A.T.—Will my husband get the job he is expecting?

Ans.: I believe your husband will get work with a man he formerly worked for—that he will also be very successful.

J.F.S.—When is the best time to intercede to get my job back?

Ans.: You are thinking about a job with the war department, aren't you Joseph? But you failed to give me your birth date—and without this information I cannot see into your future.

E. M. M.—What should be my next move to get the happiness I desire?

Ans.: You will have your hands full to control your emotions this year—particularly during July and August. Your health will need watching too—don't overdo.

## ATTY. GIVEN JAIL SENTENCE

Sixty days in jail accompanied by a stinging judicial reprimand were meted out to James Welman Smith, 39, 332 West Twenty-ninth street, in Judge Geckler's juvenile court this week when Smith, local "part time" attorney, was found guilty of child neglect.

In defense of the charge Smith pleaded inability to pay; but unless his paying capacity is quickly restored, his jail sojourn will be longer, court records show. A few days before, Smith was found guilty of a charge of larceny and sentenced to sixty days on the "farm" and fined \$1.00 and costs. The sixty days were suspended. Inability to pay the fine will necessitate his working it out.

gerous months for you.

M.C.G.—Will I ever have the good times I have played so long and why do I have so small amount of boy friends?

Ans.: I see many more good times in store for you. The boys will like you better if you are not quite so stubborn and set in your ways—feed them a little more taffy candy—everybody likes that, even when they know its taffy. I believe you will meet a new boy friend in Chattanooga.

D.D.—What is wrong with my boy friend or is it my imagination?

Ans.: When a boy will walk away from you in the middle of a conversation and leave you standing—I wouldn't call it imagination. He failed you in your illness—and as far as I can see, he has shown you in every way that he is not worthy of your affection. Where are your eyes? Then there is that small matter of him having a wife. Consider yourself lucky to be rid of such a man.

## COLORED VOTERS

(Continued from page One)

### Seek More Appointments

A further breakdown of the general demand shows a widespread desire for an increase in the number of police officers from its present total of seventeen to seventy-five which is figured on a basis of population; increase of the number of city firemen from twelve to thirty; appointment of a probation officer in the municipal branch of the Criminal court, and appointments to the City Hospital as staff physicians and surgeons, internes, and nurses.

Apprehension has been felt and expressed by many voters over the failure of qualified Negroes to present themselves as candidates for the three elective offices. The opinions of several local politicians whose knowledge and reputations have made them potent factors in local elections for a number of years are that even the Negroes themselves who would make excellent candidates still share the opinions of white bosses that the time is not yet ripe for such a forward move on the part of Negroes.

This latter, it has often been pointed out, has from time immemorial been the ruse used by the whites to obviate the "embarrassment" they say strong Negro candidates would arouse.

Women Organizations Busy  
The legislative berth won by the race recently continues to be the "apple of many eyes". Both Democrats and Republicans will find the lists of legislative candidates profusely sprinkled with the names of Negroes, before the final date of filing is reached April 9.

Most of the many women's organizations evincing a relish for the coming political battles show major interest in the elections of a colored councilman, member of the school board, and appointments at the City hospital.

Bills of Rights being drawn up by many of the mushroom precinct and ward organizations among colored voters almost uniformly extend their interest to such matters as are admittedly of general public concern.

A driving force behind this unprecedented defiance of political traditions is said to be the widespread belief that the Negro is in striking distance of his objectives because he now holds the balance of power in city and county politics.

## Platform of Frank R. Beckwith Candidate for the Republican Nomination for Councilman From The Third Councilmanic District

1. The Indianapolis Police and Fire Departments should be operated strictly on a system of civil service. Promotions should be made entirely on a basis of merit based on recommendations made by Boards composed of members of the respective departments. These Boards should be free of political interference.

2. Indianapolis is the greatest inland railroad center in the world with unsurpassed advantages to commerce, business and industry. We must, if we would go forward, maintain a policy of government which will invite rather than repel additional business.

3. One of the fundamental causes of our present economic strife is the inactivity of the building industry. A major portion of our unemployment comes from this inactivity. Our city administration should encourage a building campaign which would add to the taxable wealth of our city, which in turn would reduce the tax rate and which

would immediately restore thousands of unemployed construction workers to the payrolls.

4. The progress made for low cost housing should receive studied attention immediately by the city administration in order that the unsanitary and filth hovels called homes may be eradicated, thereby decreasing the moral and economic burden upon the entire city.

5. Our school teachers are molders of our future generations and they should be enabled to proceed in their work with the full co-operation of our civil city which is charged with the safety, health and general welfare of our youth.

6. Our city government should provide a way toward the elimination of overlapping units of city, county and township government, thereby relieving our overburdened taxpayers so that home ownership and business expansion will again be encouraged.
